EXPERIENCE

MACHINE LEARNING , IIT Guwahati   *Aug 2020 - Sep 2020*
- Got to know about advanced statistics. Learned many algorithms and prediction models.
- Many live projects were done using these algorithms.
- Made a Uber data analysis model.

PROJECTS

College ERP System| BVEC Connect
- Component-driven, with real-time update built using VueJS.
- Multi-page components with router, state management using VueX.
- Integration with backend to handle OAuth authentication & storage to handle different college systems.
- bvec-connect.netlify.app is the production build for this app.

Twitter Sentiment Analysis | NLP Project
- Made use of Machine Learning and Natural Language Processing to detect the sentiment of twitter
- Polarity detection categorizing positive,neutral or negative

Covid-19 Case Count And News App | Android Project
- Wireframed and prototyped the whole app in Adobe Xd.
- Used the native Android Studio IDE to make the app.
- Implemented API for live count of infected people and location based news.

EDUCATION

Bachelor of Engineering, Computer Science and Engineering   *Jul 2017 - Present*
Barak Valley Engineering College, Karimganj, Assam

Higher Secondary Education, Science   *Jan 2014 - Mar 2016*
St. Margaret Sr. Sec. School, Prashant Vihar, Delhi

SKILLS
